## Climate Change and Human Health Literature Portal

## Get ready to itch and sneeze. A warmer planet could mean we'll suffer more (and stronger) allergies

Author(s): Tolme P Year: 2008

**Journal:** Newsweek. 152 (6): 52

## **Resource Description**

Exposure: M

weather or climate related pathway by which climate change affects health

Air Pollution

Air Pollution: Allergens

Geographic Feature: M

resource focuses on specific type of geography

None or Unspecified

Geographic Location:

resource focuses on specific location

Global or Unspecified

Health Impact: M

specification of health effect or disease related to climate change exposure

Respiratory Effect

**Respiratory Effect:** Upper Respiratory Allergy

Resource Type: **№** 

format or standard characteristic of resource

Policy/Opinion

Timescale: M

time period studied

Time Scale Unspecified
